Report on

Three day free Workshop of "Basic of Python" by FOSSEE Group, IIT Bombay.

Date of the workshop: 2nd July 2018 to 4th July 2018

Duration of the workshop: Full day (9:00 AM - 6:00 PM)

Type of workshop: Remote assisted, hands-on

Coordinator: Prof. Rupali R. Sherekar, Head, P. G. Department of Computer Applications

A three days free workshop on Basics of Python Programming was organized by P. G. Department of Computer Applications in association with FOSSEE Group, IIT Bombay for Faculty members of Engineering and Science streams.

Python is an open source, high-level and powerful programming language that is well suited for scientific computing. The aim of the workshop was to provide training to the faculty members on the use and benefits of Open Source Software and the following aspects of Python Programming was covered:

- Introduction to Python programming
- Control structures
- Functions & Modules
- File Handling, Matrix & Arrays
- Scientific Tools & Applications

The workshop comprised of lectures interleaved with hands-on training. The workshop was conducted by Prof. Aditya Palaparthy, Research Project Assistant, IIT Bombay. The workshop was well attended and 39 faculties from various engineering and science colleges, from Amravati region.

The workshop received an excellent feedback from the participants and they had appreciated the method of delivery, model programs and the hands-on exercise. The participants were provided with course material and other reading material. E-Certificates were distributed to the participants for their successful completion of assignments and tests in the workshop by FOSSEE Group, IIT Bombay.
