2. About the Experts

The STTP helped the participants (Faculty of Engineering and Diploma, and Industry persons) to acquire basic knowledge of earthquake phenomenon, structural dynamics, earthquake and wind resistant planning, analysis and design. Participants got benefitted by acquiring / updating knowledge about current technological developments in the field of Earthquake and Wind engineering with upgraded IS codes.

Dr. C. V. R. Murty

Dr. C. V. R. Murty is Professor in IIT Madras. He completed his Phd from California Institute of Technology (Caltech), USA. His area of interests in research includes Seismic behavior of steel and reinforced concrete (RC) structures, Modelling of nonlinear behavior of structures & Development of seismic design codes.

During STTP he delivered sessions on the topics "**An overview of Indian earthquake design code and Earthquakes Resistant Design of Steel Buildings**".

1 About the Organizing Institute

The Vidarbha Youth Welfare Society's Prof. Ram Meghe Institute of Technology and Research, Badnera-Amravati (Formerly well known as College of Engineering, Badnera), is a leading technological institute from central India. Established in the year 1983, the institute has a prestigious standing amongst the topmost technical institutes of Maharashtra. The institute is approved by AICTE, New Delhi and Accredited by the National Board of Accreditation (NBA), New Delhi. Department of Technical Education (DTE), Govt. of Maharashtra, has awarded "A" Grade to the institute. The institute is also awarded by ISTE National Award for best Engineering College in the region. The Institute is affiliated to Sant Gadge Baba Amravati University, Amravati and is offering UG, PG and Ph.D. courses in Computer Sci. and Engg, Civil Engg, Mechanical Engg, Electronics and Tele. Engg and Information Tech along with PG courses like MBA and MCA. The Institute is also conferred with Top 300 (Ranking Range: 250-300) by NIFR, MHRD India.

The young, dynamic & forward looking management of PMIT&R is carrying forward the pioneering legacy of the visionary founders, who dare to dream and strived hard to achieve their seemingly impossible goals. The management team comprises of qualified people and stalwarts from medical, academic, legal and business fraternity. Their varied skills-sets help them in coming up with the vagaries of technical education field.

2 About the Organizing Department

Department of Computer Science and Engineering was established in the year 1985. The Department runs BE and ME (Computer Science and Engineering) courses with well experienced faculty and also offer PhD program aimed at producing qualified researchers. All the UG, PG and PhD courses are recognized by Sant Gadge Baba Amravati University, AICTE and DTE.

The department has all the state-of-art facilities and conducive environment for teaching and learning, also has full fledge Computer laboratories, Robotics E-Yantra Lab and Research Labs. With rapidly evolving technology and the continuous need for innovation and research, department always strive hard to produce quality professionals. The department is crowned with as many University toppers and several rank holders. The

students are well placed in reputed Government undertakings and Govern Organizations and private software firms throughout globe.

4.2 Course Contents & Session Speakers

The educational reforms in India during this COVID-19 era seems to be a live example of how need truly is the mother of invention or reinvention allowing educational institutions to adopt online learning and infuse a virtual study culture, this pandemic is already steering the sector forward along with technological innovation and advancements.

This transformation to online education has been ensuring that students suffer no loss of studies and their progress is being tracked simultaneously along with timely evaluation. Thus there is a need for a Faculty to upgrade themselves with innovative teaching tools and technologies. It is probably a first for India to experiment with the education system and make a paradigm shift to the virtual world, blending classrooms with online learning. Alchemizing education with technology and forming a collaborative strategy to tread ahead while providing online lectures will also enable the students to learn creatively. All in house faculties were taken with the following contents

7 STTP Feedback Received from Participants

S.No	Name of the Participants	Feedback Message
1	Dr. Rajeshree Raut	So happy to see such a well managed event by young, smart team. All young faculties having knowledge of the most needed tools in today's scenario
2	Dr. Sangita Shukla	Good Afternoon to all of you. Had a very good experience of STTP. It is the need of nowadays to go paperless to save environment and due to the scare of Corona people have to remain in the home. To continue teaching and learning it is very useful. Thanks to all members of team.
3	Nitin Khandagale	very good coordination among all the experts and very well organised program, thanks to all team for nice efforts
4	Dr Gunjan Dhar	It was indeed a well organized STTP and its aim of imparting knowledge on online teaching to teachers all over India is highly appreciated
5	Sunil Vishnu Medhe	Overall session was excellent, virtual labs information about Electronics IC based, it would be specialized but in future it will be Mechanical Engineering point of view
6	Dr.Sumati Sonekar	I am satisfied with the STTP and would appreciate if such STTP will be conducted for the school teachers in various aspects such as creating ppt or word docs in Hindi, Marathi Sanskrit and some techniques for making diagrams digitally.
7	Dr.K.S.Ambadekar	Your strength is that all have prepared the topics very carefully and extremely well. They talked fluently and

		flawless. Your time management is very good. At any time we do not feel boring. Within specific time they have finished. Anand sir you have well controlled on your language and voice. Thank you very much for taking pain for uplifting our knowledge. Wish all of you Best of Luck for future programmers like this. Once again thank you very much.
8	**Sanjay W. Thakare**	STTP was very well organised. It was also flexible, as the videos were uploaded on YouTube, hence participants could watch the same as per their convince. Virtual lab content was related to a particular branch, hence not much useful to the participants of other branches. Contents related to MS office were general in nature and should have been focused on more advanced commands. But overall, it was a nice experience to attend the STTP. Thanks to the organisers. Their efforts made this event successful.
9	**Vinay K Singh**	Best part of this FDP was pre-recorded video, due to this it was not compulsion for participants to watch it at particular time everyone were free and they can watch this according to their own convenience. Given quizzes and Q/A session was very helpful in learning. Thank you.
10	**Dr. Abdul Ameen**	All sessions were very nice, informative and useful. The selection of all resource persons is appreciable. The entire organizing team found to be very active and cooperative. This STTP will be beneficial for all participants.

Subject: - Submission of document after conducting one-week STTP (3 Phases) through online mode under AQIS 2019-20 during the financial year 2020-21 on topic "Machine Learning and AI for Applications in Language, Vision and Control"

Ref: - 1) File No34-66/357/FDC/STTP/Policy-1/2019-20 dated 10th August 2020
2) Letter for 'For AICTE approved institutes which have received grants for conducting STTP's / FDP 's under AQIS 2019-20.' Dated 14thSeptember 2020.

Respected Sir,

With reference to (1) above we would like to thank you for sanctioning a Short-Term Training Program (STTP) under AQIS 2019-20 during the financial year 2020-21 on topic "Machine Learning and AI for Applications in Language, Vision and Control" and releasing sum of Rs. 3,85,000/- on 10th August 2020 for the same. Also, with reference to (2) above we would like to thank once again for granting the permission to conduct program through online mode.

Accordingly, the STTP's were planed through online mode. The STTP was successfully completed with (Phase 1: 55, Phase-2: 51, Phase-3: 48) participation during (Phase I: 7th to 11th December 2020, Phase 2: 14th to 18th December 2020 and Phase 3: 21st to 25th December 2020).

The STTP had good response from Faculty and Researchers from various Engineering colleges. We are submitting herewith following documents for your kind consideration.

1. Original Statement of actual expenditure and Utilization Certificate
2. Feedback form
3. Copy of proceedings and completion report
4. List of candidates who have successfully completed the program on the basis of test conducted by Program Monitoring Committee
5. Report submitted by Program Monitoring Committee

Thanking You.

Yours faithfully

Technological/ academic/or any other benefit generated by conducing this program with respect to:

(a) Institution

The STTP on "Machine Learning and AI for Applications in Language, Vision and Control" is highly beneficial to Institute. After attending the STTP faculty are enhanced with the knowledge in the field of Machine learning and Artificial Intelligence in the field of computer vision and provide the platform for doing research in the field of Data Science, ANN and Deep Learning. This upgraded knowledge of Machine Learning will help the students in understanding different aspects of ANN and Deep Learning and directly benefit the Institute.

(b) The Faculty

The STTP on "Machine Learning and AI for Applications in Language, Vision and Control" is highly beneficial to the faculties. After attending the STTP faculties get benefited in,

- Understanding and applying knowledge of Artificial Intelligence.
- Understanding the basics of Machine Learning.
- Understanding concepts of Neural Networks
- Updating the knowledge of students for planning of analysis and design
- Motivating the students for doing project/research in area of ANN
- Update knowledge of handling Python language for Machine Learning

(c) The Industry / Society

India is a developing country. Development of any country is associatively dependent on the technological enhancement, various hardware/software tools available. The lack of facilities available will lead to loss of energy of Human being which will be the little hurdle in the development of country. Therefore, it is necessary to build the hardware and software tools for analysis and handling of big data. This STTP has encouraged the participants who belong to different area to develop interest in machine learning and its subset such as ANN and Deep learning. Also, this STTP has provided adequate knowledge of Python, an open source programming language, and its use in designing various projects in Neural Networks and different methods of analysis of big data.

Preface

One Week AICTE Sponsored Short Term Training Program Through Online Mode On **"Machine Learning and A.I. for Application in Language, Vision and Control"** organized by Electronics & Telecommunication Engineering Department at Prof. Ram Meghe Institute of Technology & Research, Badnera, Maharashtra was held in 3 phases between 7th to 11th December, 2020,14th December to 18th December, 2020 and 21st to 25th December, 2020. The STTP comprised of the programs including introduction of application of Machine Learning In language vision, and Hands on training of python on AI & ML. The program proved to be helpful for the participants to gain adequate knowledge of Python, an open source programming language, and its use in designing various projects in Neural Networks and different methods of analysis of big data. Speaker from the renowned Institutions all over the Country presented different aspects of Machine Learning and A.I. for Application in Language, Vision and Control.

Acknowledgement

We are highly indebted to Dr. Nitin Dhande, President, Vidarbha Youth Welfare Society's, PRMIT&R, and Badnera for his kind support and encouragement for organizing such an informative academic event. We are grateful to the Principal of the institute Dr. A.P. Bodakhe for his valuable directions for organizing such events of national importance.

Dr. S. M. Deshmukh, Professor and Head of Department have greatly helped in smooth organization of this event. We acknowledge the useful suggestions and co-operation received from the departmental colleagues and specifically the section heads.

We all are thankful to all the executive member of the VYWS for their constant encouragement and support in organizing such event.

We thank The All India Council for Technical Education (AICTE) for sponsoring STTP, all the Principals of various college for allowing their faculty to participate and participants for their contributions towards One Week AICTE Sponsored Short Term Training Program through Online Mode On "Machine Learning and AI for Application in Language, Vision and Control". We take this opportunity to express our sense of gratitude to the eminent speakers and professionals who have accepted our invitation to share their vast experience and expertise. Last but not the least we are thankful to all our faculty members for their persistent efforts to make this event possible.

MESSAGE

President
Vidharbha Youth Welfare Society,
Camp Road, Amravati – 444 602

I am pleased to know that the Department of Electronics and Telecommunication Engineering, Vidharbha Youth Welfare Society's, Prof. Ram Meghe Institute of Technology and Research, Badnera is organizing One Week AICTE Sponsored Short Term Training Program through Online Mode On "Machine Learning and AI for Application in Language, Vision and Control" from 7th to 11th December, 2020., 14th December to 18th December, 2020 and 21st to 25th December, 2020.

The objective of this STTP is to enhance the knowledge of the faculty and researcher in the field of computer vision and machine intelligence.

I wish to express my sincere appreciation to the entire team of Department of Electronics & Telecommunication Engineering, Prof. Ram Meghe Institute of Technology and Research, Badnera for organizing this STTP.

I assure this program will help the Participants to acquire new skills and Knowledge.

Wish you all the best.

Dr. Nitin Dhande

MESSAGE

Principal, (PRMIT&R), Badnera

It gives me immense pleasure to welcome you all for AICTE sponsored STTP on "Machine Learning and A.I. for Application in Language, Vision and Control" scheduled during 7th to 11th December, 2020, 14th December to 18th December, 2020 and 21st to 25th December, 2020 organized by our institute.

Man has long feared the rise of the machine – his own creation becoming smarter and more intelligent than him. But while artificial intelligence and machine learning are rapidly changing our world and powering the Fourth Industrial Revolution, humanity does not need to be afraid because it's opening new paths for Creating New Jobs, Bridging Language Divides, Transforming Government, Delivering Health Care, Creating Art.

The organized Short Term Training Program has a unique method of teaching which employs practice based training for the participants. I sincerely hope the deliberations in this sttp will help the participants clear their thought process regarding AI and ML. I wish all the best for the next five days of the Short Term Training Program.

Dr. A. P. Bodakhe

MESSAGE

Coordinator & HOD,

Department of Electronics and Telecommunication Engineering

PRMIT&R, Badnera

At the outset, I welcome you all to AICTE sponsored STTP on "Machine Learning and AI for Application in Language, Vision and Control" scheduled during 7th to 11th December, 2020, 14th December to 18th December, 2020 and 21st to 25th December, 2020, organized by Department of Electronics and Telecommunication Engineering Prof. Ram Meghe Institute of Technology and Research, Badnera.

PRMIT&R, Badnera

The Vidarbha Youth Welfare Society's, Prof. Ram Meghe Institute of Technology & Research, Badnera-Amravati is a leading technological institute from central India. Established in the year 1983, the institute has a prestigious standing amongst the topmost technical institute of Maharashtra. The institute is approved by AICTE, New Delhi and the program is accredited by the National Board of Accreditation (NBA), New Delhi. Department of Technical Education (DTE), Govt. of Maharashtra, has awarded "A" Grade to the institute.

"Vidarbha Youth Welfare Society" was conceived to be the fountain head of education for rural areas of Amravati and Wardha in the year 1965.

The young, dynamic and forward looking management of PRMIT&R is carrying forward the pioneering legacy of the visionary founders, who dare to dream and strive hard to achieve their seemingly impossible goals. The management team comprises of qualified people and stalwarts from diverse fields. This helps them in coming up with the solutions to vagaries of the technical education field.

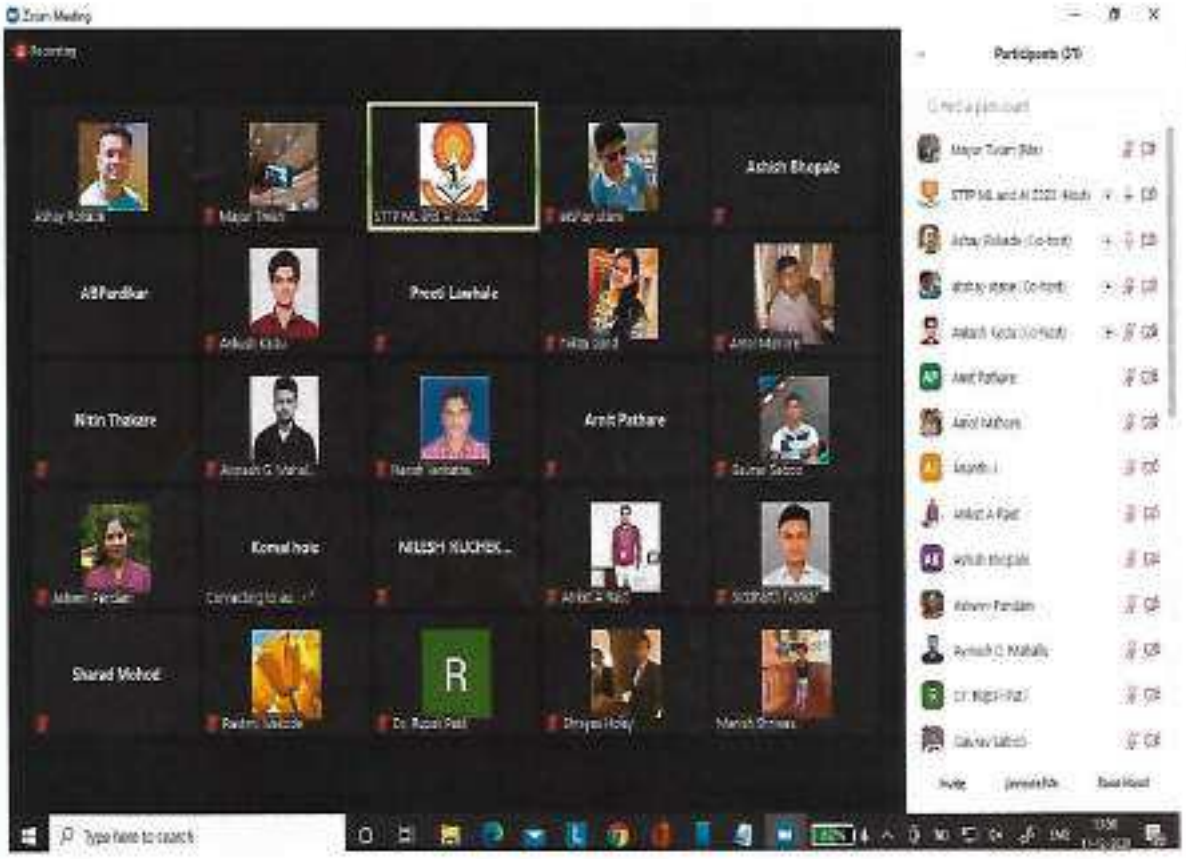
1. Executive Summary

The AICTE sponsored one week short term training program (STTP) through online mode was organized successfully with the participation of (Nos 55,51 and 48 in the I, II and III phase respectively). Faculty members from various Engineering colleges all over India. The STTP was inaugurated at the hands of Honourable Chairman of Vidharbha Youth Welfare Society, Shri Nitinji Dhande with motivation, encouragement and best wishes. Our beloved Principal, Dr A P Bodkhe's message was read out by Dr N N Khalsa, Dean (Training & Placement). The message gave the brief idea about the institute and basic information regarding the theme of STTP. Dr S. M. Deshmukh, Head of Electronics and Telecommunication Engineering Department and Coordinator of STTP paved a walk through about program and necessity of Machine Learning and AI for Application in Language, Vision and Control for the students, researchers and practicing/ consulting engineers. The STTP comprised of the programs including introduction of application of Machine Learning In language vision, and Hands on training of python on AI & ML. The five days STTP portrayed technical sessions from speakers of Renowned Institute of the Country, who presented different aspects of Machine Learning and AI for Application in Language, Vision and Control, **Dr. Manpreetsingh Manna** (Ex Director AICTE, New Delhi), **Dr. M. N. Hoda** (Director, BVICAM, New Delhi), **Prof. Manendra Pal Singh Chawla** (SGSIT, Indore), **Dr. S. V. Dudul** (SGBAU, Amravati), **Dr. G. R. Bamnote** (PRMIT&R, Badnera), **Dr. S. R. Sakhare** (VIIT Pune), **Dr. C. N. Deshmukh** (PRMIT&R, Badnera), **Mr. Shrikant Mehre** (IIT Khargpur), **Dr. N. N. Khalsa** (PRMIT&R, Badnera), **Mr. Supreet Bansod** (Senior software Engineer, Pune). The program proved beneficial to participants for understanding and applying knowledge of Artificial Intelligence and updating the knowledge of students for planning of analysis and design. At the end of the course, the program proved to be helpful for the participants keeping in view the present scenario of handling Python language for Machine Learning. This STTP has encouraged the participants who belong to different area to develop interest in machine learning and its subset such as ANN and Deep learning. The experience of all the participants was very positive in all phases, wherein they thanked organizers for organizing such a well-planned and informative STTP. A quiz was conducted to assess the

Outcome of the STTP through online mode by making use of Google form. The program concluded with the Valedictory function in the presence of Dr. S. M. Deshmukh (Coordinator & Head, STTP) where the participants extended their views and gratitude towards the program.



Participants during the valedictory function during Phase I

2. About Expert

The STTP helped the participants (Faculty of Engineering and Diploma, and Industry persons) to understand and apply knowledge of Artificial Intelligence and to update the knowledge of students for planning of analysis and design. At the end of the course, the program provedto be helpful for the participants keeping in view the present scenario of handling Python language for Machine Learning. This STTP has encouraged the participants who belong to different area to develop interest in machine learning and its subset such as ANN and Deep learning.

Dr.Manpreetsingh Manna (Ex Director AICTE, New Delhi)

Dr .Manpreet Singh Manna) graduated in Electrical & Electronics Engineering from Mysore University, Mysore in the year 1993. He did his Master of Engineering in Power & Machines from Thapar Institute of Engineering & Technology, Patiala and Ph.D. from S.L.I.E.T. (A Centrally Funded Deemed University), Longowal, Punjab. Starting his teaching profession as Lecturer from Sant Longowal Institute of Engineering & Technology (S.L.I.E.T.) in the year 1997, he attained the position of **Director, All India Council for Technical Education (AICTE)** under Ministry of HRD, Govt. of India, New Delhi on deputation from 2014 to 2018. Dr. Manna received the **"COMMENDATION AWARD"** from, The Hon'ble President of India during the Launch of the "SWAYAM PLATFORM" on 9th July, 2017.

In the inauguration function of the STTP, the keynote speaker Dr. Manpreet Singh Manna sir focused his session on the birth of AI and how machine learning and DNN came into existence. He has explained the role of AI in outcome based education system and how AI can be a part of day to day life in education system. He also highlighted the future of Automation and AI in the teaching learning process during first and second phase of STTP.

Dr. M. N. Hoda(Director, BVICAM, New Delhi)

Dr. M. N. Hoda is presently working as a Professor of Computer Science & Director at Bharati Vidyapeeth's Institute of Computer Applications & Management, New Delhi since April, 2002. He has over twenty five years of experience in academics in different capacities. He is an expert member of many board level committees of Govt. of India like (DST), (CSIR), (MHRD), etc. He is a member of Academic Council of GGSIP University, New Delhi, since last 12 consecutive terms from 2006. He is the Editor-in-Chief of International Journal of Information Technology. He was awarded Outstanding Achievement Award – 2000 and the Best IT Teacher of the Year during 18th All India Management Congress in 2016.

Dr. M. N. Hodawas who the resource person enlightened the participants with **"AI enabled teaching learning paradigm for 21st century"**. He introduced the changing scenario in the field of technology with the role of Artificial Intelligence. He highlighted the key differences between Industry 3.0 and Industry 4.0 in a manner that how AI and IOT has been an important part of industry now a days. How teaching learning process also shifted from physical classrooms to digital classrooms during First Phase of STTP.

Prof. Manendra Pal Singh Chawla (SGSIT, Indore)

Prof. Manendra Pal Singh Chawla is Professor-Incharge (Head), Library, Associate Professor in Electrical Engg form G.S. Inst. of Tech. & Science Indore (MP) India. Immediate Past Chairman, 2017-2018, IEEE MP Sub-Section. He has 30 years of experience in teaching Under Graduate and 27 Years in teaching Post Graduate courses. He received **Gold Medals** in BE (Electrical) and ME (Power Electronics) degrees from Govt. Engineering College, Ujjain, India, and G.S. Institute of Tech. and Science, Indore,

India, from Departments of Electrical Engineering in 1988 and 1992, respectively. He was Conference Chair in IEEE-Explore Core, 2018 International Conference on Advanced Computation and Telecommunication, ICACAT-2018, held during 28-29 DEC2018, at LNCT, Bhopal, Technically Sponsored by IEEE Bombay Section and IEEE MP Subsection. He is appointed as an Editor in 03 National MAT Journals on 13th DEC2018.

Dr.Manendra Pal Singh Chawla who was the resource person discussed several aspects on the topic "**AI Requirements in Machine Learning a Perspective Approach in Real Time Applications**. He introduced computational intelligence in and brief thrown light on different computing branches of AI. He discussed about machine learning in programming computers to optimise a performance criteria using example data or past experience. He also discussed web based software for machine learning programming, general system of machine learning, machine learning regression, machine learning model & structure, types of learning like supervised and unsupervised, different software and programming languages used in machine learning and AI during all the three phase of STTP.

Dr. S. V. Dudul (SGBAU, Amravati)

Dr. S. V. Dudulis professor and Head, Faculty of Science & Technology, Sant Gadge Baba Amravati University. He received Gold Medal in B.E. (Electronics & Power Engg.), First Class with Distinction, 1986, Nagpur University, and M. E. (Electronics Engineering with specialization in Computer Applications), First Class with Distinction, 1989. He has completed Ph.D. in Electronics Engineering, (A Topic of Computational Intelligence), 2003. He has total Teaching Experience of 32 years and Administrative Experienceof 16 Years. Also, He has published one.He is a Reviewer of IEEE Transactions as well as the Reviewer of Elsevier (Science Direct) International Journal. He received Eminent Engineer Award in 2005 by I. E. (India) Marquis Who's Who Award, USA in 2014.

Dr. S. V. Dudul who was resource person delivered the presentation on "**Machine Learning and AI for Applications in Computer Vision**". He started with the basic idea behind

machine learning and AI in computer vision. Then he discussed the terminologies used in artificial intelligence. He threw a light on conventional machine learning approach with basics and corresponding examples. He introduced the Deep learning concept in details with computer vision workflow and deep learning workflow and covered all the ideas behind machine learning and deep learning. He used day to day life examples and also explained the recent applications for the enhancement of human lifeduring all the three phase of STTP.

Dr. G. R. Bamnote(PRMIT&R, Badnera

Dr. Gajendra R. Bamnote is a Professor and Head of the Department of Computer Science & Engineering at Prof. Ram Meghe Institute of Technology & Research, Badnera-Amravati. He has vast teaching experience of 30 years. He is the Chairman, Board of studies in Computer Science & Engineering at Sant Gadge Baba Amravati University, Amravati. He was also elected as the Dean of the Faculty of Engineering & Technology of Sant Gadge Baba Amravati University, Amravati. He was the Senate member, Sant Gadge Baba Amravati University, Amravati for 2005-2010.

The resource person was Dr. G. R. Bamnote talked on topic **"AI in Everyday's life"** and discussed about the real life applications of Artificial Intelligence. He gave an overall picture of AI and introduced us to different branches of AI. PLEASE share the presentations and recordings of this lecture as soon as possible. It's very useful and beneficial for future during first phase of STTP.

Dr. C. N. Deshmukh(PRMIT&R, Badnera)

Dr. C. N. Deshmukh isan Associate Professor& Dean Higher studies at Prof. Ram Meghe Institute of Technology & Research, Badnera-Amravati. He has worked in Indian Air force as Pilot officer, Flying Officer Lieutenant during 1991-1997. He has total teaching experience of 23 years. He

Awarded with Ph.d degree in year 2017 from Sant Gadge Baba Amravati University, Amravati. More than 35 journal papers has been published by his name. He has published 3 books namely, Microwave Engineering, Mobile Cellular Systems, Wireless Communication.

Dr. C. N. Deshmukh who was the resource person delivered the presentation on **"Overview of Artificial Intelligence, Machine Learning and Deep Learning".** He gave brief introduction about the Artificial intelligence very informative. He Highlighted concept of computer vision technology in ML and AI is to create a model that can work itself without human intervention during Second day of the phase 3.

Dr. S. R. Sakhare(VIIT Pune)

Dr. S. R. Sakhare is working as a Head of Computer Engineering Department since 2013. He is also working as Board of subjects chairman for Computer and IT board since 2016 .He has Professional industrial experience of 1 year. His area of interest is Operating Systems, Business Intelligence, Data Mining. Area of interest in the field of research is Real Time Embedded Operating Systems, Software Engineering.

Dr. Sachin R. Sakhare who was the resource person delivered presentation on th topic **"Introduction to Applications of AI and Machine Learning in Language and Vision".** He also highlighted the types of machine learning with the famous algorithms associated with Artificial Neural Networks. He explained the concept of AI with some real life applications such as Self driven cars, Amazon's Alexa, Apple's Siri and chat-bots working in industry with biomedical applications. Also he shared some good research articles published for real time applications of machine learning during all three phases of STTP.

Prof. Shrikant Mehere (IIT Khargpur)

Prof. Shrikant Mehrejoined the Institute as a Research Fellow in January 2014, and is a Research Scholar under the supervision of Prof. Sudipta Mukhopadhay since July 2014.

Shrikant received his B. E. in Electronics and Telecommunication Engineering in 2010 from Amravati University, and M.Tech. in Electronics in 2012 from SRTMU, Nanded. His doctoral research is in the area of medical image analysis, focussing on the development of a computer-aided system to aid radiologists in early detection of lung cancer from lung CT images using content-based image retrieval. Shrikant currently has four international conference publications and a journal publication, and his areas of interest include pattern recognition, medical image processing, and machine learning.

The resource person was **Mr. Shrikant Mehre from IIT Kharagpur** gave presentation on **"AI Enabled Teaching Learning Paradigms for 21st Century"**. He enlightened the participants with "Artificial Intelligence: Introduction, Applications, and Recent Trends" In this talk, the guest had covered machine learning basics, along with the application area and recent trends. A talk started with introducing machine learning, its problem types, and few application areas of traditional machine learning. Later, the guest had discussed the fundamental difference between traditional machine learning and deep learning. Afterward, the guest had discussed several application areas. At last, a talk was concluded with a toy example explaining a machine learning algorithm during the second phase of STTP.

Dr. N. N. Khalsa (PRMI T teaching &R, Badnera)

Dr. N. N. Khalsais Associate Professor and Dean Training and Placement at Prof. Ram Meghe Institute of Technology & Research, Badnera-Amravati. His area of interest is Image Processing, Signal Processing, and Machine Intelligence. He has completed Ph.D in year 2015. He is the youngest Ph.D. in Electronics Engineering from SGB Amravati University,he has 2 years of industrial experience and 15 years of teaching experience. Ha has published 24research papers in reputed journal and attended several conferences.

Dr. N. N. Khalsa who was resource person deliverspresentation on topic **"AI - The next digital frontier"** He discussed about how networked devices that the world now creates

every day and why Rapidly growing computing power and more sophisticated algorithms and AI models are also driving the advancesduring second and third phase of STTP.

Mr. SupreetBansod(Senior Software Enginneer, Pune)

Mr. SupreetBansod isworking as Senior Software Enginneer, Pune in Acclivis Technology Pvt. Ltd. Pune. He has done his Ph.D&M.Tech from SGGS Institute of Engineering and Technology, Nanded. He did his bachelor from PRMIT&R, Badnera-Amravati. He has also teaching experience of 2 years from 2012-2014. His area of interest in field of Computer Vision, Digital Image and Video Processing, Deep Learning, Neural Networks and Fuzzy Logic, Machine Learning, Pattern Recognition. He published several no. of papers in reputed journal and also attended conference, STTP and FDP. He also worked as reviewer in 2020 IEEE / ITU International Conference on Artificial Intelligence for Good (AI4G), IEEE Transactions on Emerging Topics in Computational Intelligence (TETCI). IEEE Sensors Journal.

Mr. SupreetBansod was the key note speaker talked during the third phase of STTP.

He introduced different algorithms that are widely used and thrown light on different computing branches of AI. He discussed about what are the criteria to enhance the performance artificial intelligence and machine learning using example data or past experience.

3. Short Term Training Program through online mode

3.1 Introduction

The history of AI is not without controversy and opposing views, as is any endeavor which seems to some to duplicate our humanity in a machine or which interprets human activity as the result of machine-like processes. The basic objective of AI is to enable computers to perform such intellectual tasks as decision making, problem solving, perception, understanding human communication and the like.

The present-day pervasiveness of AI, given how little it is noticed in everyday life, suggests that in important ways this objective has been reached. AI can help eliminate the necessity for humans to perform tedious tasks. One of the main benefits of artificial intelligence is its ability to reduce the drudgery involved in many work tasks. Repetitive, tedious tasks in any job are the bane of many human workers around the world.

Artificial intelligence is impacting the future of virtually every industry and every human being. Artificial intelligence has acted as the main driver of emerging technologies like big data, robotics and IoT, and it will continue to act as a technological innovator for the foreseeable future.

In Machine Learning (ML) and AI – Computer vision is used to train the model to recognize certain patterns and store the data into their artificial memory to utilize the same for predicting the results in real-life use.

3.2 Objective

The STTP is highly beneficial not only to faculties but also industrial persons for future growth in developing & shaping the student in civil engineering etc. At the end of STTP participants will be able to

1) Enhanced knowledge of the faculty and researcher in the field of computer vision and Machine intelligence.

2) Develop a basic understanding of the principles of machine learning and AI.

3) Introduce Application of Machine Learning in language and vision.

4) Give brief emphasis on various issues, challenges and applications related to AI and Machine Learning.

5) Improve Quality in engineering teachers in order to up-grade the knowledge, enhancing research and teaching skills.

6) Familiarize the participants with AI requirement and utilization in real time application.

3.3 The Collaborators

The All India Council for Technical Education (AICTE) Sponsored Short Term Training Program through online mode On "Machine Learning and AI for Application in Language, Vision and Control" to the college Prof. Ram Meghe Institute of Technology & Research, Badnera, Amravati.

3.4 Program Format

The One week STTP program was scheduled for 5 continuous days at Prof. Ram Meghe Institute of Technology & Research, Badnera, Amravati.

4. Pre-Program Activity

Allotment of Short Term Training Program

The All India Council of Technical Education (AICTE) selects few colleges to organize the Faculty Development Program every year. Prof. Ram Meghe Institute of Technology & Research Badnera, Amravati was one of them in the year 2020-2021.

Program Monitoring Committee (PMC)

A Program monitoring committee was formed for smooth organizing, scheduling and evaluating the STTP. It included

Dr. A. P. Bodkhe Chairman, P. M. C. (Principal, PRMIT&R, Badnera),

Dr. S. M. Deshmukh Coordinator S.T.T.P. (HOD Electronics and Telecommunication, PRMIT&R, Badnera),

Dr. G. R. Bamnote, Member P. M. C (Head CSE, PRMIT&R, Badnera)

Dr. D. S. Ingole, Member P. M. C (Head Mechanical, PRMIT&R, Badnera)

Dr. P. V. Ingole, Subject Expert P. M. C (Head IT, PRMIT&R, Badnera)

Scheduling the Course

After discussions with other institute dignitaries, the program was divide into three phases and scheduled as:

Phase I: 7th to 11th December, 2020,

Phase II: 14th December to 18th December, 2020

Phase III: 21st to 25th December,2020

Appointing Short Term Training Program Organizing Committee

PMC committee included Prof. V. R. Raut, Dr. N. N. Khalsa, Prof. V. J. Babrekar, Prof. M. V. Tiwari, Prof. A. S. Utane, Prof. B. P. Fuladi, Prof. A.B. Pardikar and Prof. A.D. Kadu for organizing STTP.

6. Feedback of participants during STTP–I

Mr. Shyam Alaspure

(Data Scientist)

AccionLabs Technologies Pvt. Ltd.

During this pandemic, the STTP: ML & AL for applications in language, vision & control is the most informative STTP amongst all programs that I have attended. Organizers made extreme efforts for making this STTP as a successful one. I personally found that every schedule was very well managed with various intellectual speakers who had explained ML & AI explained from basic till their perspective Approach.

Prof. Ms. N. C. Band

"It was very nicely planned and well organized STTP, Starting with the keynote speaker who was very enthusiastic has focused on the birth of AI & how machine learning & DNN came into existence. It was a great experience to hear such eminent speaker. Among all the STTPs that I have attended in this pandemic I found this STTP More informative"

Feedback of participants during STTP–II

Dr. Yogesh Thakare
Assistant Professor,
Dept of EXTC Engg, RKNCOET, Nagp

I feel fortunate to be the part of this highly informative STTP. One of the resource persons named Dr. S. V. Dudul explained the basic idea behind machine learning & AI in computer vision followed by hands on session using python. I congratulate EXTC Department of PRMIT & R Badnera and thanked the organizers for such wonderful conduction during this high alert pandemic situation.

Prof. Anup M. Madghe
(HVPM, COET)

Targeted information on ML & AI for Applications in Language, vision & control was thoroughly explained by the Intellectual speakers in this STTP. All the doubts were properly evaluated & it was a great experience to hear such eminent speakers. My sincere thanks to the PRMIT & R, organizers and speakers for such a wonderful well organized program.

Feedback of participants during STTP–III

Prof. Shreyash Holey
Assistant Professor
EXTC Dept, RGIT & R Amravati)

First of all, Best wishes & congratulations to the team of STTP. Starting with the keynote speaker who was very enthusiastic has focused on the birth of AI & how machine learning & DNN came into existence. The changing scenario in the in the field of technology with the role of artificial intelligence has been explained wonderfully by Dr. M. N. Hoda. Looking forward for such kind of workshops in future. Thank you.

Prof. Sharvari Tantarpale

I found this STTP very useful as I am Pursuing my PhD and is in search of such informative & innovative real time applications. Starting from origin and emergence of AI, its role in outcome based education system was perfectly explained by Dr. MPS Manna Sir. Detailing about the statistical probability of machine learning & Data science given by Dr. S. R. Sakhare will help me for understanding the concept behind it. Being a part of this STTP will prove to be very fruitful in the coming days of my career.

AICTE Sponsored Short Term Training Program

Phase I on

"Machine Learning and AI for Application in Language, Vision and Control"

7th Dec to 11th Dec 2020

The AICTE sponsored one week short term training program (STTP) through online mode phase I was organized successfully with the participation of Fifty Five (55) Faculty members from various Engineering colleges all over India. The STTP was inaugurated at the hands of Honourable Chairman of VYWS society Shri Nitinji Dhande with motivation, encouragement and best wishes to STTP. On behalf of our beloved Principal, Dr A P Bodkhe, his message was read out by Prof. A.I.Rokade (Assistant Professor) the message gave the brief idea about the institute and basic information regarding the theme of STTP. Dr S M Deshmukh, Head of Electronics and Telecommunication Engineering and Coordinator of STTP paved a walk through about program and necessity of Machine Learning and AI for Application in Language, Vision and Control for the students, researchers and practicing/ consulting engineers. The STTP comprised of the programs including introduction of application of Machine Learning In language vision, and Hands on training of python on AI & ML.

The one week STTP portrayed technical sessions from speakers from Renowned Institute of the Country, who presented different aspects of Machine Learning and AI for Application in Language, Vision and Control, namely Dr. Manpreetsingh Manna (Ex Director AICTE, New Delhi), Dr. M. N. Hoda (Director, BVICAM, New Delhi), Prof. Manendra Pal Singh Chawla (SGSIT, Indore), Dr. S. V. Dudul (SGBAU, Amravati), Dr. G. R. Bamnote (PRMIT&R, Badnera), Dr. S. R. Sakhare (VIIT Pune). The program proved beneficial to participants for acquiring knowledge about current technological development in the field of Earthquake and Wind engineering. At the end of the course, the program proved to be helpful for the participants keeping in view the present scenario of Infrastructure Development. The experience of all the participants was very nice, wherein they thanked organizers for organizing such a well-planned and informative STTP. A quiz was conducted to assess the outcome of the STTP through online mode by making use of Google form.

The program concluded with the Valedictory function in the presence of Dr. S. M. Deshmukh (Coordinator & Head, STTP) where the participants extended their views and gratitude towards the program.
