Dear Sir/Ma'am,

We are glad to announce the second list of National Employability Award 2023. The award is given to the campuses for being amongst the top 10% engineering campuses at the national level or in their respective states. The awards, started in 2012 by SHL, are the only awards given on the basis of actual performance of students on a standardized test and not on the basis of superficial factors like infrastructure, faculty, etc.

It is our pleasure to inform you that as per the AMCAT scores of 2023 batch students, **Prof. Ram Meghe Institute of Technology & Research, Maharashtra** has been chosen for the National Employability Award 2023.

You are one of the 97 campuses who have been awarded with this unique award this year.

You can check-out the winners list here.

Congratulations once again! We wish all the luck and success to your students for their future endeavours.

Best regards Team SHL
