ACADEMIC YEAR 2017 - 18

The details/proofs of various capacity building and skills enhancement initiatives such as Soft skills, Language and communication skills, Life skills and ICT/computing skills trainings taken by the institution for **Academic Year 2017 -18**   is as follows:

1. Soft Skill Training Program for Final Year Students 04/07/2017 to 06/07/2017

2. Motivational Leadership Workshop by Subodh Deshmukh (20/02/2018 to 26/02/2018)

Workshop On Arduino, Linux, Python, PHP & MYSQL

Department of Information Technology organized IIT Spoken Tutorial Training Session on Linux, Python, Php & MySql for second, third, and Final Year students respectively and Arduino training for Faculty Members of IT, CSE, EXTC & MCA Department. On 5th August 2017, Department organized one day training session for faculty members on Arduino Project of Spoken Tutorial IIT Bombay in association with MHRD Govt of India. Workshop is inaugurated by the hands of Dr. P. V. Ingole HOD (IT). Dr. C. A. Dhote , Dean Informatics , Dr. A. S. Alvi , Prof. S. V. Dhopte , Prof. S. S. Kulkarni and all faculty members and participants were present for inauguration function.The 67 faculty members and 78 students enrolled for the workshop. Regular training sessions on spoken tutorials were added in timetable and at the end of the semester IIT Bombay takes the examination on same course. Successful students and faculty members will get certificates from IIT Bombay.

Two Day Workshop On "IOT Based Application Development on Android" 3rd & 4th Oct 2017

Department of Information Technology has organized two day's Workshop on "IOT Based Application Development on Android" on 3rd & 4th Oct 2017 under ACM student Chapter. The Workshop was inaugurated at the hands of Dr. P. V. Ingole, Head Department of Information Technology. Prof. Ms. P. P. Deshmukh , Prof. S. V. Dhopte, Prof. S. S. Kulkarni and Prof. H. D. Misalkar (Member ACM) & all the faculties of Department and Mr. Nakul Deshmukh as expert, from Ibase Electrosoft LLP were present for the inauguration function. There were 95 participant enrolled for the course from the third year section A and section B. The main objective of the programmed was to acquaint the participant with theoretical as well as practical knowledge of "Internet of Things and Big data".

Hands on training on Raspberry Pi and python programming was organised. Expert divided all the students in to small group. After training he gave task to complete to each group. At the end of the workshop each group came up with small application on IoT.

Workshop on Resume Building and Research Paper Writing

Department of Information Technology conducted one day workshop on resume writing and research paper writing for B. E final year students on 29th July 2017. Prof. Pranjali Deshmukh conducted session on "how to design resume "for company interview purpose. She explained detailed format of resume for final year students as they have to appear for company placement. The sample resume also provided to students to get help for their resume development.

Workshop conducted by Prof. Ms. P. P. Deshmukh

Prof. U. V. Nikam conducted session on "How to write research paper" for conferences and journals. He explained the importance of research paper writing and presenting in conference or publishing in standard journals. He explained IEEE format for research paper writing and discussed all titles form format. He further added that research work can be the new work or modification in earlier work. He also told how to decide titles for research papers and references required to prepare it.

Prof. H. D. Misalkar put light on plagiarism in research paper writing. He explained importance of plagiarism checking and uniqueness of one's research work. He also suggested some online software to check plagiarism and explained with examples.

It was really a nice workshop for students for their overall development and placement.

Two Day Workshop on "Computer Hardware".

The Department of Information Technology, Prof. Ram Meghe Institute of Technology and Research Badnera has organized two day's Workshop on "Computer Hardware" on 7th & 8th July 2017 as contents beyond syllabi. This is an in-house activity meticulously planned and effectively executed by the departmental faculties. There were Sixty-one participants enrolled for the course from the third year. The main objective of the programme was to acquaint the participant with issues of "Computer Hardware". The Trainers for the course were Prof. R. M. Hushangabade, Prof. A. A. Gulhane, Prof. A. S. Mahalle, Prof. P. R. Nerkar, Prof. R. R. Papalkar & Prof. N. S. Wadhe. The workshop gave the detailed description about computer hardware. The trainers had given the details information about computer hardware such as monitor, keyboard, Computer Data storage, Hard disk Drive, Graphics cards, Sound Cards, Memory, Motherboard, etc. The workshop covered detail information and insight of computer hardware. It was conducted along with supporting hands on session.

Industrial Tour for Third Year

Information Technology department organized one day Industrial visit of B.E. third year students to Suryalakshmi Textile Pvt. Ltd. at Nandgoan Peth MIDC , Amravati on 24th March 2018 under IEI , IEEE student chapters. Suryalakshmi Cotton Company founded in 1962 and is one of the leading integrated premium yarns to denim to garment manufacturing company with over five decades of market leadership. With cutting-edge design, latest spinning technology and end to end manufacturing plants, they create the finest yarn, premium denim and garments for leading private labels. The Manager of industry welcomed all faculties and students and explained the process of how to get the thread from cotton for various garments.

It was very nice experience for all students as it was not related with their studies but everything is done by automated machines and humans only required to monitor the machine. It is highly automated cotton plant with modern machineries.

Industrial Tour for Final Year

This year again, the concept of Industrial training and Visit has been woven into academic practices of the institute keeping in mind that experiential learning is the ethos of PRMIT & R, Badnera. The motive is to provide the students with a right blend of theoretical learning and an opportunity to witness how those concepts are utilized in the practical environment. The training and visit provides an excellent opportunity for the student to comprehend the faced by the organization in various stages and the implication that decision have. In all 34 students enrolled their names for Industrial Tour. Dr. P. V. Ingole, Head of the Department of Information Technology deputed 3 staff members to accompany students during the visit. The Staff deputed were Prof. N. S. Wadhe, Prof. A. S. Mahalle and Prof. Ms. S. A. Chorey. The Journey started on 10th Dec. 2017 form Badnera to Delhi by Train and then from Delhi to industries by Bus. The communication with Industries like Juno Software Pvt. Ltd. (Software Development) and Pinaki Technologies Pvt. Ltd. (Software Development), Delhi was done well in advance. Students also visited the renowned industries at Chandigarh like Computer Care Pvt. Ltd, Star India Pvt. Ltd., IND Swift and INSAN Steels Pvt. Ltd.

Android workshop under IEEE

Department of Information Technology organized workshop on "Android & How to make money" under IEEE student chapter on 9th & 10th March 2018. This Year College started prestigious IEEE student chapter. IEEE is the world's largest technical professional organization dedicated to advancing technology for the benefit of humanity. It was the first workshop was under IEEE student chapter. This workshop was conducted by the students for the students under the supervision of IEEE faculty coordinators and advisors. Workshop was inaugurated at the hands of Dr. P. V. Ingole HOD, Information technology in presence of Dr. G. R. Bamnote , Advisor IEEE Student Chapter, Prof. Maithili Deshmukh, Counselor IEEE Student Chapter, Prof. P. P. Deshmukh, Advisor IEEE Student Chapter and Chair (Student) Abhishek Deshmukh, Co- chair (student) Onkar Darange, other IEEE Chapter student members, expert Pranav Fulkari, director, Future Millionaires INC, and his team.

The Workshop got huge response from students of Computer Science and Information Technology department. Total 166 students enrolled for the same.

Dr. P. V. Ingole told importance of IEEE student chapter and congratulated all faculty members as well as student members. Dr. G. R. Bamnote also focused on IEEE standards and told all participants to take advantage of this facility.

The trainer Pranav Fulkari covered topic introduction to Android Studio & Android, how to develop Android app with and without coding, logic improvement session, uploading apps to play store and how to make money online.

It was hands on training session for two days. There were 20 volunteers from students to help the group in App development. He also explained how to earn money from home by merely developing Android Apps which will be really useful to users and uploading on Google store.

At the end of second day team of students developed android application by applying their own innovative ideas. Workshop ended with appreciating efforts taken by trainer by offering certificates and gift as token of love.

Japanese Visit

Sant Gadge Baba Amravati University and Japanese NGO NPO work closely for the educational ties. Under this Monotskuri University Japan (Institution of Technologies) had invited professors from SGBAU and under this Technological collaboration five professors from Prof. Ram Meghe Institute of Technology & Research, Badnera visited IOT Japan in November 2017. This visit was planned to assess the areas of technical collaboration with Japanese counterpart.

Japanese Delegates Visited to Project Lab

Followed by their visit a Japanese delegation from Institution of Technologies of two professors Dr. Minoru MITSUI & Dr. Tsukio Toda visited Prof. Ram Meghe Institute of Technology & Research, Badnera to assess the ongoing projects & research work & to look the areas of collaboration. This visit was organized on 26th February 2018.

The visiting professors visited various departments to have a close look at the projects on display & presented by students.

Demonstration of new model of Bicycle created by Students

The visiting professors expressed the satisfaction about the ongoing technological developments. They also enquired and shown lot of interest in many innovative projects. They also collected literature related to projects presented by students. Principal Dr. A. P. Bodkhe accorded a cordial welcome to Japanese delegates. All the head of departments & deans were present on this occasion.

The visiting delegations expressed joy and satisfaction at the ongoing work and progress of the institute.

Workshop on how to decide final year project

Department of Information Technology organized one day workshop on "How to decide final year projects" for B.E. third year students. This year department started this activity in third year itself. The motive behind this is to get much time to finalize their project as it is very important aspect of Engineering carrier.

Dr. P. V. Ingole, HOD, and Information Technology department explained students how to choose final year project. He deliberated how to search for research papers from standard journals and deciding base papers for their final year projects. He forced to find some innovative idea and work on it.

Prof. Pranjali Deshmukh covered steps to finalize final year project. She added that first step is to finalize domain in information technology. She discussed various domains and the areas where they can work. She also told that project can be developed by taking requirements from neighborhood or from society which will be definitely useful and purposeful. She also explained how to write project abstract. At the end of the workshop students asked their queries and experts resolved their queries satisfactorily.

Parent meet

The Department of Information Technology, PRMIT&R, Badnera organized parent meet with the objective of discussing parents regarding their ward's performance and to discuss & settle their queries & inquiries. The motive behind the meet is to discuss all measures to be taken for the overall growth and development of the students so that they meet and cop up with the present day challenges. Parent of many students actively participated in the events with the positive approach & also offered some valuable suggestion with respect to operational issues.

The meet began with a warm welcome to the parents followed by a presentation from head of Department. Dr. Prashant V. Ingole. The presentation cover details regarding infrastructure, academics, placements, library facilities, academic profile of faculty, and results of students, intra and extracurricular activities organized within the department and training and placement activities. Sir further insisted on the responsibilities of parents along with the overall development of the students.

Head of the Department requested the parents to visit the state of the art central library and departmental labs and other facilities. HOD assured them that wards are in the best and safe hands and the department would take every effort in transforming them to multifaceted professional. Sir further elaborated that every faculty is dedicated to strive for the overall personality development of student so as to nurture not only professionals but also responsible citizens. The parents then had a protracted discussion with the class teachers and took academic details of their wards.

On the occasion of the parent meet Flower decoration competition and IT showcase was arranged by the department. The competition inaugurated at the hands of one of the parent and HOD. Parents enjoyed and appreciated students for their creativity. This activity was arranged under IETE student forum.
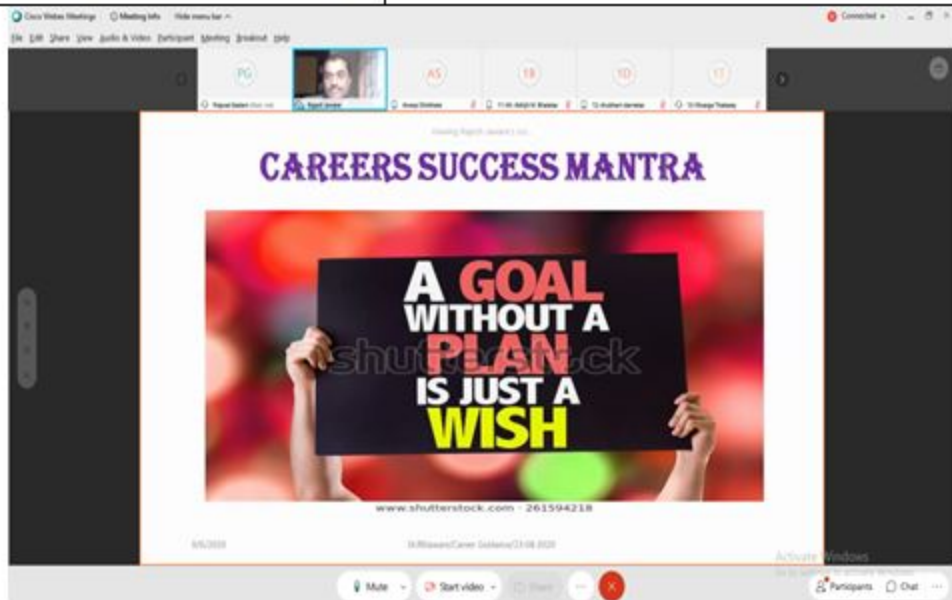

The event was organized by Prof. Ms. M. S. Deshmukh and Prof. S. P. Thakare along with class teachers and other faculty members in department.

Report on

"Oculus 2017"

A Glance Within.....

Organized by

P. G. Department of Computer Applications

Introduction

P. G. Department of Computer Applications started conducting "Oculus - A glance within..." an annual Inter-Collegiate fest with multiple technical events. In this very first year, Oculus-2017 received overwhelming response in all its events and was a magnificent success. This event was organized in association with **Computer Society of India (CSI) – Chapter Amravati**. The convener of this program was Mrs. R. R. Sherekar, Head P G Department of Computer Applications.

The word "Oculus" means aperture, aperture for innovation. The motive of this event is to develop various skills of students in Co-Curricular activities and to expose them to the current trends in the technical and professional fields. Oculus'17, announces several innovative events.

Around 100 students from various colleges participated in the different competitions of Oculus'17.

Oculus included various events like:
- **The Nerdy Match : Program Mix & Match**
- **Art Attack: On Time Painting Competition**
- **Vibgyor : Rangoli Competition (on Google Playstore App)**
- **Battle of Gun & Tanks : Lan Gaming**
- **Impressions : A Poster Presentation Competition**
- **Mind Matters : A Quiz Competition**

The Nerdy Match : Program Mix & Match

"The Nerdy Match" was a technical event. It was about C++ language in which C++ programs were divided in into the several parts, shuffled and kept into different trays. The participants were required to collect and arrange the part of code in proper sequence and exactly match with the given output.

We received magnificent number of participation in this event, as this event enhances student's basic programming language concepts. Total **'22 students'** participated in this event. Students of M.C.A., B.C.A. and BE(I.T.) had participated in this event. Participation in this event was commendable.

Winners of this event:
    First Prize : Aakanksha Deshpande, MCA IInd, PRMIT&R, Badnera.
    Second Prize (Combined):
    (i) Manisha Jawahar-Malani, M.Sc. I[st] yr. S.S.S.K.R Innani Mahavidalaya

Faculty coordinators :

(i) Prof. Ms. S. D. Ulhe (PGDCA, PRMIT&R, Badnera)
(ii)Prof. A. P. Kinhikar (PGDCA, PRMIT&R, Badnera)

- *Mind Matters : A Quiz Competition*

In Oculus 2017, inter- collegiate technical quiz contest was successfully conducted, in which nine teams from different colleges participated. There were 2 stages in the quiz,

(i) Qualifying Stage
(ii)Final Stage

Total **six** teams qualified for the final round. In the final round there were 4 rounds,

i. Warming-up Round
ii. Visual Round
iii. Show Your Hand Round
iv. Rapid Fire Round

The participants had to go through mazes of intuited and mind blogging rounds consisting of questions related to current affairs, science, technology and basic programming skill. It was very informative and knowledge enriching competition for the participants along with the audience.

This competition was organized to decide the best college with technical skills in Amravati.

Induction program by Mr. Subodh Deshmukh

Date : 11 September to 14 September, 2017

Venue
MCA Seminar Hall, P.R.M.I.T. & R., Badnera.

Discussion

As soft skill of students is as important as academic performance, P.G. Department of Computer Applications organized induction program for MCA students. In this workshop Mr. Subodh Deshmukh motivate the students to improve confidence level as well as perform activities with student's related to same.

It was a very fruitful experience for students. Mr. Subodh Deshmukh also guided students to become confident about stage daring, putting our point in group discussion.

He also suggest students to analysed weakness and strength, additionally he also provide some tricks about changing the attitude towards the different scenario.

In his session, he also took some skits based of situations. With this activity, he analyse student's communication, presence of mind, team working abilities, etc. and provide them suggestions for improvement. With that Mr. Subodh Deshmukh explained the advantages and need of soft skill development of students.

Outcomes

With this event, it is observed that there is improvement of time management, organizational skills & goal setting of students. Also there is development in leadership skills to improve teamwork, creativity etc.

Conclusion

As a conclusion, we can say that such related programs are important for students in a department to make MCA students employable and confident. P.G.Department will try to invite the different eminent personalities from related fields for this kind of events.

"National Science Day Celebration"

28th Feb. 2018

P.G. Department of Computer Applications

Prof. Ram Meghe Institute of Technology and Research, Badnera.

In order to commemorate the discovery of the Raman Effect in India by the Indian physicist, Sir Chandrasekhara Venkata Raman in the year 1930, the day is celebrated as National Science Day. For his great success in the field of science in India, Chandrasekhara Venkata Raman had been awarded and honoured with the Nobel Prize in the Physics in the year 1930. To honor this event,28ᵗʰ of February is observed as a National Science Day in India.

National Science Day was celebrated at Prof.Ram Meghe Institute of Technology and Research,Badnera on 28ᵗʰ February 2018.

P.G.Department of Computer Applications,PRMIT & R celebrated this day with Faculty members Dr.Dinesh Satange, Ms.Rita Gupta and Ms.Noopur Shrivas and eighty students of Arts, Commerce and Science College,Kiran Nagar,Amravati(ACS College,Amravati).

Prof.Rupali Sherekar,Head P.G.Deparment of Computer Applications welcomed all the faculty members and students of ACS College to the campus and gave idea about innovative practices and projects carried out by the department and institution.

A motivational and inspirational talk was delivered by Chief guest Dr. Dinesh Satange(Professor,Dept of Comp.Science,ACS College). He congratulated college for achievements in different sectors.

This session ended with vote of Thanks by Prof.S.D.Ulhe.

After this session, the departmental annual Wall-Magazine with theme "Torch Bearers" was inaugurated by Dr. Dinesh Satange. Dr.Satange appreciated the creativity, skills and efforts of the students.

Students from ACS college were happy to see and know about PARAM, 3-D printer and Robots.

Dr.D.S.Ingole explained students the working of 3-D Printer and showed them various object manufactured by 3-D Printer.

Students also visited E-Yantra Lab and saw demonstration of the two robots.

Prof.V.A.Sinha gave information about PARAM computers to the students.
